Performance Shingles – Limited Lifetime Warranty<sup>1</sup>

## Hi-Def Beauty. Weather or Not.

**Extreme weather calls for extreme weather protection.** And Nordic's unique combination of superior wind and impact-resistant features makes it one of the top performing asphalt shingles on the market.

Nordic derives its impact resistance from a coating of polymer-modified asphalt, which acts as a shock absorber to cushion your roof from impacts from hail.\*<sup>2</sup> The coating is applied to IKO's heavy-duty fiberglass mat, and the resulting combination provides superior weather resistance, even in cold weather.

Their special 1 1/4 inch reinforced nailing area (the ArmourZone) ensures incredible fastening power. They'll help resist nail pull-through even in high winds and carry a wind limited warranty<sup>1</sup> with the use of only four nails.

IKO's achieved a high-definition appearance for IKO Nordic shingles by combining their advanced colour-blending technology with deep shadow bands for added dimension. The result? Now, you can have the high-end look and visual texture of genuine wood shakes or slate tiles without the high-end price.

**To ensure complete satisfaction,** please view several full size shingles and an actual roof installation prior to final colour selection as the shingle swatches and photography shown online, in brochures and in IKO's app may not accurately reflect shingle colour, and do not fully represent the entire colour blend range, nor the impact of sunlight.

\*This is not a guarantee of impact resistance against hail and is not covered under the limited warranty.

<sup>1</sup>See Limited Warranty at IKO.com for complete terms, conditions, restrictions and application requirements. Shingles must be applied in accordance with application instructions and local building code requirements.

<sup>2</sup>This impact rating is solely for the purpose of enabling residential property owners to obtain a reduction in their residential insurance premium, if available. It is not to be construed as any type of express or implied warranty or guarantee of the impact performance of this shingle by the manufacturer, supplier or installer.
